PROFESSIONAL SUMMARY

Final-year BS Computer Science student at the University of Baltistan, Skardu, with experience in student leadership, coordination, training, and teamwork. Through my experience at NetBots, I have contributed to web application development, debugging, testing, and deployment. I have also collaborated with international teams in AI and software development hackathons, building projects such as SignPulseAI and HeatShield AI. I aspire to pursue postgraduate studies, deepen my expertise in Generative AI and Large Language Models, and participate in international research and technology competitions.

ACHIEVEMENTS

- BS Computer Science (8th Semester) student at the University of Baltistan, Skardu, with a CGPA of 3.68.
- Served as a Generative AI Trainer for Computer Science department students at the University of Baltistan, Skardu from 18th August-18th September 2026.
- Secured the highest score in my university with 82.7 percentile in the National Skill Competency Test conducted by HEC and NCEAC
- Awarded Merit-Based Scholarship by Professional Education Foundation (PEF)
- Awarded as a Top Performer in the HEC–NCEAC Generative AI Application Developer Training (Cohort 2, Jan–Feb 2026), organized by UETIANS Lahore Endowment Foundation, USA.
- Selected for a competitive 3-month AKRSP-sponsored Web Development Internship at NetBots (SMC-Private) Limited
- Recipient of the PM Youth Laptop Scheme 2025 under the Prime Minister Youth Program
- Completed CS50x Puzzle Day 2026 activities organized by Harvard University
- Participated in the HackerRank Hackathon organized by HackerRank and secured 1,231st place among 12,885 participants from 48 countries.
- Participated in the MITIT Coding Competition and qualified for Round 1
- Participated in the AI Factory Hackathon 2026 by lablab.ai; collaborated with an international team to develop SignPulseAI, and earned a Certificate of Completion.
- Participated in the IBM BOB Hackathon organized by IBM and collaborated with an international team to develop _____ and earned a Certificate of Completion
- Participated in the FortyGaurd Hackathon 2026 organized by FortyGaurd and again collaborated with an international team to developed HeatSheild AI and earned an Excellence Certificate of Completion.
- Registered for NASA Space App challenge 2026 which will be held on 14-15 November 2026 and become a member of international team.
- Contributed as a co-author to the IEEE conference paper *"User-Centric Metamorphic Relations: Enhancing Learning Management Systems Across Development Phases,"* published in the **2025 4th International Conference on Communication, Computing and Digital Systems (C-CODE)**.

EDUCATION

University of Baltistan, Skardu — **Gilgit Baltistan, Pakistan**
Undergraduate Student of Computer Science (CGPA: 3.7) — Jan 2023 – Present

Boys Degree College, Skardu — **Gilgit Baltistan, Pakistan**
ICS Student — Aug 2020 – Aug 2022

Govt Boys High School Kushmarah, Skardu **Gilgit Baltistan, Pakistan**
Science Student Mar 2018- Mar 2020

LEADERSHIP & ACTIVITIES

Govt Boys High School Kushmarah, Skardu **Gilgit Baltistan, Pakistan**
Chief Proctor / School Representative Mar 2018- Mar 2020

- Selected as Chief Proctor and School Representative based on leadership, discipline, and academic performance.
- Assisted school administration in maintaining discipline and coordinating student activities

Boys Degree College, Skardu **Gilgit Baltistan, Pakistan**
Class Representative (CR) Aug 2021- Aug 2022

- Selected as Class Representative based on outstanding academic performance, leadership, and communication skills
- Represented the class in academic and administrative matters with faculty members

UOBS Computing Society, University of Baltistan, Skardu **Gilgit Baltistan, Pakistan**
Dupty General Sectary Aug 2026 - Sept 2026

- Appointed as Deputy General Secretary of the UOBS Computing Society Cabinet 2026, contributing to the leadership and administration of the society.
- Support the General Secretary and Core Committee in coordinating academic, technical, and co-curricular activities for the student community.
- Collaborate with club heads and society members to facilitate effective communication, teamwork, event planning, and execution of society initiatives.

NetBots (SMC-Private) Limited **Gilgit Baltistan, Pakistan**
Web Developer Mar 2025 – Mar 2026

- Working as a **Web Developer**, contributing to real-world web development projects and gaining professional software development experience.
- Collaborated with team members on **development, debugging, testing, and deployment** of web applications.

SKILLS & Language

Technical:
Full-Stack Web Development, Software Engineering, Desktop Software Development, AI Engineer AI Orchestration/Generalist, Generative AI Engineer, Deployment & Production Management.

Programming Language and Libraries/Frameworks:
C++, Python, JavaScript, Typescript, HTML, CSS, React js, Next js, Express js, Node js, Electron js MongoDB, MySql, SqlLite, Numpy, Pandas, Matplotlib, Seaborn, Flask, Fast API, Rest API,

Tools & IDEs:
Dev C++, Vs Code, PyCharm, Git and Github, Postman, Compass, npm, pip, Google Colab, Jupiter Notebook, Anaconda/Miniconda

Languages:
English, Urdu, Balti, Shina
